GENERAL INFORMATION

- Nursing is the largest healthcare field. Three out of five nurses work in hospitals. Many nurses work part-time.
 - Nursing combines science and technology with the desire to help people. One must enjoy helping people of all types and backgrounds.
 - Nursing requires both physical stamina and emotional stability. Nurses must be able to follow orders and direct others.
 - Earn a master's degree to prepare for advanced practice nursing including: clinical nurse specialist, nurse practitioner, nurse midwife, nurse anesthetist, and administration.
- Earn a doctoral degree for research or teaching at a university.
- All states regulate nursing by requiring licensure.
